Teacher Treks travel grant offered by Hilton HHonors

Application Deadline: March 15

Hilton Worldwide has long believed in the power of travel to bring people together and foster greater understanding between countries. This year, Hilton HHonors, the loyalty program for Hilton Worldwide's 10 distinct hotel brands, is celebrating culture by giving once-in-a-lifetime opportunities to teachers through the Teacher Treks Travel Grant Competition.

Teacher Treks will provide 15 teachers with a \$6,000 grant to travel internationally during the 2013 summer vacation. Applicants for the program may develop their own itineraries and choose their

country/countries of travel. The top thirty finalists will receive a \$2,500 donation to their schools. To be eligible for the program, each applicant must be a U.S. citizen with at least 3 years of full time teaching experience as of January 1, 2013. The program is open to teachers of grades K-12 only, and teachers of all subjects are welcome to apply.

Apply online at the Hilton HHonors website. For questions, please contact teachertreks@iie.org.

Apple iPad App of the Day: Doceri

Doceri is the professional iPad interactive whiteboard and screencast recorder with sophisticated tools for hand-drawn graphics and built-in remote desktop control. Originally designed for teachers, Doceri is used by creative individuals in

myriad roles and professions from education to entertainment.

Create hand-drawn lessons, presentations and graphics and share them as still images, PDFs or audio/video screencasts - or mirror anything you've created to Apple TV via airplay.

With built-in remote desktop control you can access and annotate over files resident on your Windows PC or Mac and present them to your classroom or audience when a projector is connected.

In conjunction with SP Controls' Presentation Management System, Doceri becomes the universal remote to control, secure, monitor and troubleshoot

audiovisual technology throughout your campus from a single location using your existing network infrastructure.

You can now prepare and record presentations without being connected to a Doceri Desktop and you can present Doceri projects via Airplay.

Found an App you can't live without? Tell us!

Teachers, have you found an interesting app for the iPad that you've been using in your classroom? Share the love with everyone!

We'll feature it in an upcoming edition of the *Mustang Moment*.

E-mail cindi.herr@cherokee.k12.nc.us with the name of the app in the subject line, and something you love about it. Thanks!
